Excellent, fully renovated apartment, positioned at the bottom of Senjak slope. Building complex within which the apartment is located, is organized in such way, that each floor is occupied by one apartment with a separated entrance. The apartment features three bedrooms, a spacious living room with access to a big terrace, a fully equipped kitchen, which also has access to the same terrace, and two bathrooms with shower cabins. The apartment has new parquet, carpentry, as well as a new kitchen and bathrooms. Interior is modernly designed, with high quality built in components. Furnished with new furniture pieces of excellent design. One garage space and basement area, are available for tenants, within the building. Excellent property suitable both for residential and business purposes.
