An excellent retail space on a busy boulevard across from the Vukov spomenik (Vuk Monument). The location is one of the most frequented in the city after the Knez Mihailova street, both because of the traffic itself, as well as pedestrians. It is housed in a newly built complex where finalization is planned for spring 2025. The space spreads over two levels and has a toilet. Separate entrance, access from the street, small window. The lower level occupies 101 m² with a ceiling height of 4m, while the upper level occupies 104 m² with a ceiling height of 3 m. It is for rent in the unfinished phase, so the tenant can adapt the space to his needs. Rarely offered. In an ideal location for various business activities.
